Capacity and Access

Crosstown Arts can accommodate up to 5 individual residencies at a time with individual studios. Residents have 24/7 access to studios.

Residency Obligations

- Residents are contractually required to be present at the residency for the majority of the awarded session. A limited number of travel days are permitted by the residency management. Residents who receive an opportunity requiring more than 1 week away from the residency may be asked to conclude their residency early. The spaces are intended for use by artists, providing an opportunity for another artist to participate.
- All artists in residence are required to organize their calendars to ensure their participation in Artist Talks and Open Studios. Typically, dates are discussed with artists prior to their arrival, allowing for potential adjustments. However, once dates are finalized, it becomes the artist's responsibility to accommodate their schedule accordingly to participate.
- Attend weekly evening meetings (usually on Wednesdays)
- Give an informal public artist talk or presentation
- Participate in open studio night (for spring and fall sessions only)
- Residents are welcome to inquire about opportunities for public engagement work during their stay.

Community Involvement

The residency department will help to facilitate connections outside of Crosstown Arts in the greater community whenever possible. The residency department works closely with other departments within Crosstown Arts to facilitate projects and relationships between residents and other departments but does not determine hours, policies or procedures of other departments.

Residents may be offered opportunities, both paid and unpaid, within Crosstown Arts and in the greater community. This might include studio visits with students on tour at Crosstown Arts and/or speaking opportunities. Residents are not obliged to participate in these opportunities, should not depend on them and should carefully consider their own residency goals and personal needs before committing to any non obligatory opportunity.

Policies

Please email residency@crosstownarts.org if you would like more information on the following.

Pets & ADA Service Dogs

Pets are not permitted in apartment living spaces or common kitchen/lounge areas.

Service dogs are permitted to stay with artists who have made prior arrangements and submitted adequate documentation. The ADA defines a service dog as one that is “individually trained to do work or perform tasks for a person with a disability.”

The Crosstown Concourse is a dog-friendly space. Studio-only residents may bring their dogs into their studios only when the resident is present (dogs are not allowed to be left in any studio space unattended).

Residents are asked to be mindful of noise or other potential disruptions.

Waste bags and cans are provided on the premises in several convenient outdoor locations.

Artists whose ADA service dogs have received approval from Crosstown Arts must create a PetScreening profile using the building software. Please note that a \$25 fee is required throughout the system.

The building has strict pet waste clean up policies. A first offense incurs a fine of \$250, second offense is \$500 and a 3rd offense can result in potential removal of the animal. Crosstown Arts reserves the right to restrict pets in studios for any reason.

Smoking

Smoking and vaping of any kind are strictly prohibited throughout the Crosstown Concourse building and grounds and inside of the Studio Houses for Musicians on Malvern St. This includes all living spaces and studio spaces and common areas in the building. Smokers must go outside and off of the Crosstown Concourse campus to smoke. This can involve a walk of up to five minutes.

Smoking on-site and/or tampering with smoke detectors are serious issues that can result in the termination of a residency on the first offense. Please take this into consideration when accepting a residency. Residents take responsibility for all related behavior of guests that they bring into Crosstown Arts spaces.

Illegal drugs/firearms

Any resident who has or uses illegal drugs in the Crosstown Concourse building or Studio Houses for Musicians will be asked to leave the program.

Possession of firearms at Crosstown Concourse and in the Studio Houses for Musicians is prohibited. Anyone found violating this policy will be asked to leave the program.

Studios

- The quality of each resident's studio time is a high priority for Crosstown Arts' staff.
- Studio visits by other residents and guests are by invitation of the resident. Exceptions to this include an in-studio introduction and exit interview with residency staff and Open Studio events that take place during the Spring and Fall residencies.
- Crosstown Arts also reserves the right to enter the studio for needed maintenance but won't leave a non staff member alone in a studio. Staff will attempt to contact the resident before entering.
- Overnight sleeping in the studio, for residents or guests of residents, is not permitted.

Assistants and Collaborators not in the Program

- Residents may have assistants and/or collaborators in their studio at any time. Crosstown Arts can not house temporary assistants and recommends applying as a collaborative if housing is needed. Guest housing may be available for a limited period (a maximum of 7 nights) for the reduced resident guest rate of \$80 per night for a micro-unit dependent on availability. Please note that this rate is discounted from our standard \$100 per night rate for guests.
- Assistants and collaborators who are not in the program must be accompanied by the resident at all times.
- No one may stay overnight in the studios located in the Crosstown Concourse building.
- One assistant/collaborator (age 18 or older) may work with a resident in Shared Art only while the resident is present.
- Crosstown Arts may ask an assistant/collaborator who is not in the program to leave for any reason.
- Anyone working as an assistant or collaborator in Shared Art must have a membership, sign a waiver, and complete the required safety orientation.
- Each member and project are allocated up to 3 hours per week. For instance, if a project requires 9 hours of CNC time, three members can NOT combine their hours to complete it within one week. If there's a time constraint, members have the option to purchase extra hours at a discounted rate of \$40 per hour, which is below the market rate of over \$100 per hour. It's important to note that having multiple assistants won't extend the allotted project time.(2024)

LOCATION

Crosstown Arts

The multidisciplinary residency program is one component of Crosstown Arts, a non-profit contemporary arts center in Memphis, Tennessee. The organization also operates exhibition and performance spaces, a dedicated Green room for music performance, a Shared Art workspace, a bar, and a 417-seat black box theater. Crosstown Arts manages an expansive schedule of ongoing art/music-related events and programming.

For more information about the greater organization, go to crosstownarts.org

Crosstown Concourse

Crosstown Arts and the residency program are located inside or near Crosstown Concourse, a one-million-square-foot adaptive reuse project that was led by Crosstown Arts. The Art Deco building was a Sears & Roebuck regional distribution

warehouse and retail store originally built in 1927. It was abandoned and vacant for over 20 years prior to renovation.

Crosstown Arts, founded in 2010, envisioned and managed the renovation project from its inception to the building's re-opening in 2017. The building is home to a mix of commercial, retail and residential tenants with an emphasis on the arts, education, and wellness.

Approximately 3,000 people come and go from the building daily.

For more information about Crosstown Concourse, go to crosstownconcourse.com or click [here](#) to see a seven-minute video about the project.

Neighborhood

Crosstown Arts and the Crosstown Concourse building are centrally located in Memphis' Crosstown neighborhood, one of the most racially and economically diverse areas of the city. Crosstown is on the west border of Midtown, a vibrant and progressive area that is home to a large part of Memphis' art and music scene.

Memphis

Memphis, Tennessee, is a city of approximately 650,000 people, with over 1.3 million people living in the greater metropolitan area. Located in the heart of the American South, Memphis is in the southwest corner of the state, bordered to the west by the Mississippi River. With strong roots as a scrappy, gritty river town, Memphis is known as a raw, authentic and remarkably southern city, with an extraordinary Civil Rights history and a legendary role in the influence of soul, blues, and rock and roll music.

For geographic context, New Orleans is a six-hour drive due south, and Chicago is an eight-hour drive due north. Getting to Memphis is easy via car, train, bus or plane (Memphis International Airport - MEM).

Safety

Crosstown Concourse has a full-time security guard presence 24/7 provided by Clarion Security Company. The Residency Department supplies the security company with a list of residents, the spaces they occupy and headshot.

Residents are provided key or keycard access to their private studios and living spaces. The micro-units are located on residential floors 8 and 9 which require special keycard access for elevator and hallway access.

Studio Houses for Musicians are just outside of the footprint of the Crosstown Concourse building and have separate alarm systems. The Vivint system is accessible on-location or via smartphone app. In addition, the Studio Houses for Musicians are monitored via camera by Clarion Security and the interior sound dampened studio space is lockable.

Outside of the building, the safety issues one might encounter are typical of any large city. Residents who wish to explore more densely populated areas alone or at night are encouraged to ask Crosstown Arts' staff or a permanent resident of Memphis for specific recommendations. The State of Tennessee sometimes enacts laws that may be especially

harmful to marginalized people. Please research and ask questions before accepting a residency offer. Residency staff are knowledgeable about the city and state and can sometimes answer practical questions.

Transportation

Driving

Memphis is fairly spread out but is an easy town to navigate. There is free, covered, long-term parking on-site at Crosstown Concourse. Rental cars are available for short-term and long-term rental. A nearby [Home Depot has truck rentals](#) by the hour for anyone who needs to move heavy materials for their studio practice or for personal needs.

Residency Vehicle

The residency offers use of a shared residency vehicle, a Prius car, for short trips within city limits. A valid driver's license, pre registration and approval for insurance are required before use. There is a mandatory, non-refundable \$25 insurance approval fee.

Uber/Lyft/Cabs

Uber and/or Lyft are a recommended and reliable way to get around Memphis. Pick-up time is typically ten minutes or less at the Crosstown Concourse building. Taxicabs are available in Memphis and can be called via local dispatch by phone. The Memphis International Airport is less than 30 minutes away and rides to the airport that are early in the morning can be pre scheduled with Uber.

Biking

Memphis has over 200 miles of bike lanes, paths, and off-road trails. Riders are advised to exercise caution when bike riding in Memphis as many of the bike lanes are fairly new and Memphis drivers are still adjusting to the idea of sharing the road. Crosstown Arts recommends that anyone who does not consider themselves an experienced rider stay clear of busier roads and ride on quieter neighborhood streets. Helmets and other protective/reflective gear are recommended. For residents who bring their own bikes, Crosstown Concourse has free, lockable bike storage in multiple locations. High quality U-locks are recommended. There is also an on-site scooter rental service.

Public Transportation

Getting around Memphis by bus and other public transportation is possible but is challenging due to unpredictable schedules and limited service areas.

Walking

Crosstown Concourse is surrounded by many beautiful neighborhood streets and is near the Vollintine & Evergreen Greenline and historic Overton Park. Getting from one area of the city to another on foot can be difficult because the city is spread out. Depending on ability, the following are public places within walking distance of Crosstown Concourse:

- Kroger - large grocery store
- Tuyen's Bistro - Vietnamese restaurant
- Hi-Tone - legendary Memphis music venue and bar
- Black Lodge Video - music venue and video rental store with 30k+ titles and various events
- Flipside - a restaurant with cold beer and hot games including pinball, foosball, pool and darts
- Overton Park
- Memphis Zoo
- Evergreen Yoga Center - yoga studio
- Church Health YMCA - is within the Crosstown Concourse building and has an outdoor pool that is open during warmer months
